Get on the fast track to success through Authorized NetApp Training!

NetApp™
Authorized Learning Partner

NetApp Training

Fast Lane is the only authorized NetApp Learning Partner in all three NetApp regions Americas, EMEAR and Asiapac. We offer the full NetApp curriculum in more than 60 countries and 12 languages. All our instructors are NetApp-certified specialists with extensive practical experience.

At Fast Lane we understand that technologies never stand still and continuously evolve, therefore we are always looking at ways to innovate as we engage with businesses to deliver the very best project outcomes for you and your company.

NetApp Authorized Training Programs

As a NetApp Authorized Learning Partner Fast Lane offers the full NetApp curriculum in more than 60 countries and 12 languages. Fast Lane can also offer private, onsite sessions of these hands-on training programs at your location or delivered virtually to a dispersed audience. All our instructors are NetApp certified specialists with extensive practical experience in the data center and storage environment.

NetApp Training Units

NetApp Training Units (TUs) are accepted as payment for all Fast Lane delivered NetApp courses. Simply quote your NetApp PO number when registering for a course.

NetApp Storage & Data Center Labs

NetApp training extends far beyond classroom theory, enabling every course participant opportunities to gain hands-on experience installing, configuring, and troubleshooting these systems. Fast Lane offers you unique lab environments for NetApp storage and FlexPod solutions.

Exercise based NetApp self-paced Labs

We can offer you the opportunity to redeem your NTU's with our exclusive exercised based NetApp self-paced Labs! You can tailor your lab experience to your individual needs, you can also repeat exercises, you have complete control to maximize your NetApp Learning Lab experience. Visit www.flane.co.cr/self-paced-netapp-labs for further information.

NetApp Partner Award

Fast Lane received NetApp's Partner Award for our creative use of NetApp technologies, particularly around FlexPod, in our remote lab infrastructure and the delivery of multi-vendor courses. These multi-vendor environments enable training participants to access specific courses that prepare them for using NetApp, Cisco, VMware and Microsoft technologies in the workplace.

FlexPod Curriculum

As an authorized training partner of Cisco, NetApp, VMware and Microsoft, Fast Lane is uniquely positioned to help you gain the cross-vendor knowledge and skills you desire. We've combined the best sales and technical information from these leading companies and added the key information developed by our outstanding team of certified instructors from around the globe to create a powerful curriculum to help you sell, prepare for and deploy comprehensive FlexPod Solutions.

Certification Preparation for Partners

Fast Lane offers comprehensive NetApp certification programs that enable you to achieve your certification and specialization requirements, whilst freeing up your time to focus on other important aspects to your business. Our services include:

- Needs Analysis
- Results-oriented Training Plans
- Follow-up and Continuing Education
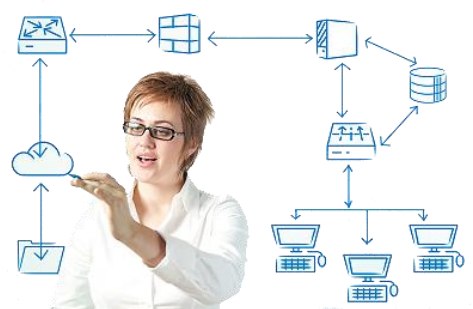

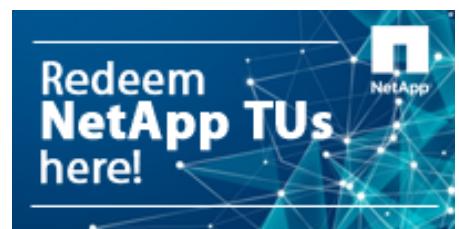

Delivery Methods

ILT - Instructor-led Classroom Training
ILT sessions are conducted in a physical classroom environment.

ILO - Instructor-led Online Training
ILO sessions are conducted via WebEx in a VoIP environment.

FLEX™ Classroom - Combined ILT & ILO
Taking you direct into a live instructor led classroom environment without compromising on quality, learning experience or knowledge transfer.

Guaranteed Dates
With Fast Lane's Guaranteed Dates schedule you can book your training with the safety and reassurance that your course will not be cancelled or rescheduled.

Private Onsite Training
Fast Lane can deliver any course as a private onsite program. Contact us to discuss your specific training needs and let us customize the right delivery for you.

Advanced Technology Labs

We offer our customers a unique lab environment covering all of the Cisco Architectures. More than 300 high-end remote labs are available worldwide, 24 hours a day, with dedicated live-support. Up to 4.000 students can work simultaneously on this hardware during training.

Course Development

Fast Lane develops more Cisco, NetApp and VMware content than any training company in the world. Our unique vendor related curricula allows you and your team to stay ahead of the curve on the latest technologies. We have developed state-of-the-art programs to support worldwide delivery in twelve different languages. Topics include:

Managed Training Services

We can plan, implement, and manage even the most comprehensive qualification projects. Our range of services comprises analyzing qualification needs, conducting pre-assessments, developing and carrying out training plans, managing and monitoring certification projects, developing curricula and content, and scheduling. We also handle logistics, roll out comprehensive qualification measures on any scale up to worldwide, and perform quality control, reporting, and post-assessments.

Seminar as a Service™

Fast Lane's Seminar as a Service™ provides you with a turn-key solution to bring expert-driven events to your existing and potential customers. This demand generation program educates your customers on the value and relevance of the newest technologies and products.

Fast Lane Community Site, Learning Center and CertiTool

We have developed well proven tools that offer optimal support to your qualification and certification projects. These tools include our Learning Center with numerous self-check assessments that can help to identify your current knowledge level, our CertiTool - a partner portal to manage your certifications and skills as well as the Fast Lane Community Site including discussion forums and technical updates.

NetApp Certifications

NetApp certification is proof that you have the skills necessary to manage and deploy NetApp technologies to best meet the demands of your company. The NetApp certification program offers data storage and data management professionals a strong foundation and a comprehensive range of specializations from which to choose. Fast Lane delivers the courses you need to prepare for the certification you desire!

Recommended Training	Exam
Associate Level	
NetApp Certified Storage Associate (NCSA)	
• Basic NetApp Configuration & Administration (BNCA)	**NS0-145** NetApp Certified Storage Associate
Professional Certification	
NetApp Certified Data Administrator, Clustered Data ONTAP (NCDA cDOT)	
• Clustered Data ONTAP 8.3 Administration (D8CADM) • NetApp Data Protection Administration (DATAPROT)	**NSO-157** NetApp Certified Data Administrator, Clustered Data ONTAP
NetApp Certified Data Administrator, Data ONTAP 7-Mode (NCDA 7-Mode)	
• Data ONTAP 7-Mode Administration (D7ADM) • Accelerated NCDA Power Workshop Data ONTAP 7-Mode (ANCDABC87)	**NSO-155** NetApp Certified 7-Mode Data Administrator
NetApp Certified Storage Installation Engineer, Clustered Data ONTAP (NCSIE)	
• Clustered Data ONTAP Installation Workshop (COIW, NetApp Partners Only) • Clustered Data ONTAP Administration (D8CADM)	**NSO-180** NetApp Certified Storage Installation Engineer, Clustered Data ONTAP
Specialist Certification	
NetApp Certified Implementation Engineer - SAN (NCIE)	
• SAN Implementation (SANIMP) • Exploring SAN Architectures and Configurations (SANARCH) • Configuring and Monitoring NetApp E-Series and EF-Series Storage Systems (CMESERIES)	**NSO-502** NCIE-SAN, 7-Mode or **NSO-506** NCIE-SAN, Clustered Data ONTAP **NSO-505** NCIE-SAN, E-Series
NetApp Certified Implementation Engineer - Data Protection (NCIE)	
• Data ONTAP Data Protection Administration (DATAPROT) • SnapProtect Solution Administration (SPSA)	**NSO-511** NCIE-Data Protection
Cisco and NetApp FlexPod Design Specialist	
• Designing the FlexPod Solution (FPDESIGN)	**NS0-170:** FlexPod Design
Cisco & NetApp FlexPod Implementation & Administration Specialist	
• Implementing & Administering the FlexPod Solution (FPIMPADM)	**NSO-171** FlexPod Implementation & Administration

Unique Programs and Tools for NetApp Partners

Clustered Data ONTAP Installation Workshop

Exclusively for NetApp and NetApp partner PSEs we offer a Clustered Data ONTAP Installation Workshop. This workshop prepares you to deliver clustered Data ONTAP system installation services - meeting NetApp quality standards and using NetApp best practices. After the workshop PSEs are optimally prepared to take the practical one-day Clustered Data ONTAP Installation hands-on exam which is required for authorization as an Authorized Installation Partner (AIP) or Contract Delivery Partner (CDP) and Professional Services Certified (PSC) partner program needs.

NetApp Talent Program

We transform talented graduates into certified and highly qualified NetApp experts for your company! Our NetApp Talent Program aims to recruit and qualify certified NetApp specialists for the channel. We are not offering a simple training program, we are offering an educated person within only three months. This means that we are responsible for identifying, evaluating, educating, coaching, mentoring, certifying, and if needed replacing a candidate so that you as our customer can be sure that your investment will get you the educated and certified person you are looking for. Contact us for further information.

CertiTool - Helping you to obtain and maintain your NetApp Partner Status!

With years of experience managing channel partner programs Fast Lane has developed and constructed a unique database that allows us to look after and manage your certification requirements in order to maintain, or achieve a desired partner status. We would be more than happy to come by and demonstrate the possibilities.
