Aruba Training Programs

Aruba Mobility Training

Aruba Mobility Fundamentals

This course teaches the knowledge, skills and practical experience required to set up and configure a basic Aruba WLAN utilizing the OS 8.X architecture and features.

ID AMF
Duration 3 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-amf

Implementing Aruba Mobility

This course teaches the knowledge, skills and practical experience required to set up and configure advanced features on Aruba WLAN utilizing the AOS 8.X architecture and features.

ID IAM
Duration 5 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-iam

Aruba Advanced Mobility Troubleshooting & Solutions

This course is structured to help the student build a better understanding of the Aruba technologies, designing mobility first networks, strategize their implementation/configuration and their troubleshooting methodologies.

ID AAMTS
Duration 5 Days

Course contents, dates & booking: www.flane.com.pa/course/aruba-aamts

Aruba Design Training

Aruba Design Fundamentals

This course provides you the fundamental knowledge for an Aruba network design. The course will teach you the Aruba product lines to help you design an Aruba network with the assistance of a senior designer.

ID ADF
Duration 3 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-adf

Designing Aruba Solutions

This course teaches you how to plan and design enterprise Aruba campus wireless and wired networks. Hands-on labs give you experience with network design from information gathering to planning and high-level design including RF Planning, Redundant Campus Architecture design, and Remote Access Branch office design.

ID DAS
Duration 5 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-das
Aruba Advanced Network Design & Solutions

This course teaches you how to plan and design complex multi-site enterprise Aruba campus wireless and wired network solutions.

ID AANDS
Duration 5 Days

Course contents, dates & booking: www.flane.com.pa/course/aruba-aands

Aruba ClearPass Training

Aruba ClearPass Fundamentals

This course is designed to build the learner's foundational knowledge in authentication and access control using ClearPass.

ID ACF
Duration 3 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-acf

Aruba ClearPass Essentials

This course prepares participants with foundational skills in Network Access Control using the ClearPass product portfolio and teaches participants about the major features of the ClearPass portfolio.

ID CPE
Duration 5 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-cpe

Implementing Aruba ClearPass

This course takes a deeper look at the ClearPass product portfolio. The course is focused on ClearPass functionality and administration.

ID IAC
Duration 3 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-iac

Aruba Advanced ClearPass Troubleshooting & Solutions

This advanced level course is taught as a workshop. Participants will be led through a real-world design and implementation scenario encompassing all aspects of the ClearPass security product.

ID AACTS
Duration 5 Days

Course contents, dates & booking: www.flane.com.pa/course/aruba-aacts

Aruba Switching Training

Aruba OS CX Switching Fundamentals

This course teaches you the fundamental skills necessary to configure and manage modern, open standards-based networking solutions using Aruba's OS-CX routing and switching technologies.

ID CXF
Duration 3 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-cxf

Implementing Aruba OS CX Switching

This course teaches you the advanced skills necessary to implement and operate enterprise level Aruba campus switching solutions.

ID ICX
Duration 5 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-icx

Configuring Data Center Networks with Aruba OS CX

This course provides you with the skills and knowledge to design, implement, and configure complex data center solutions based on the Aruba AOS CX Switches.

ID CDCNCX
Duration 3 Days

Course contents, dates and booking: www.flane.com.pa/course/aruba-cdcncx

Aruba Security Training

Aruba Network Security Fundamentals

This course covers foundational security concepts, common security threats and vulnerabilities and provides an overview of important security technologies. It teaches how to create a trusted network infrastructure with Aruba mobility solutions and switches.

ID ANSF
Duration 4 Days

Course contents, dates & booking: **www.flane.com.pa/course/aruba-ansf**

About Fast Lane

The Fast Lane Group operates globally, across 60+ countries, in the delivery of technology, business and sales training. We also provide a comprehensive consultancy service in Cloud, Cybersecurity, Digital Transformation and Mobility. Fast Lane is an authorized training partner of Aruba, AWS, Google, Microsoft, NetApp, VMware and other leading vendors. As a result can boast a large pool of Subject Matter Experts to assist with helping organisations to achieve their digital transformational goals, whatever they might be. Fast Lane also offer their own training programs around the latest technology trends.

We run training programs and workshops online in the virtual classroom and from our state of the art training facilities around the world whilst also having the capability to deliver training on-site at your location. As a managed training service provider for large international companies or for larger qualification projects, we also provide additional services such as the analysis of qualification requirements, assessments, the development and implementation of training plans, support & administration of certification projects, curriculum development, scheduling, logistics, quality control and reporting.

Our vendor-independent consultancy services can help with a wide range of issues from conducting preliminary analyses and assessments to designing future-focused IT solutions. We have a great deal of experience in managing and implementing technology projects for partners and directly for customers. Combining our core services of training and consulting, we can also provide on-the-job training and are happy to assist customer specialists / teams on-site.
