

Become a Google Certified Professional or Associate and show the world that you can design, develop, manage and administer application infrastructure and data solutions on Google Cloud technology. The Google Cloud Certified designation means you've demonstrated the necessary skills to leverage Google Cloud technology in a way that transforms businesses and meaningfully impacts the people and customers they serve.

Fast Lane offers Google Cloud certification training courses that effectively prepare you for the various Google certification exams.

Google Cloud Certification

Associate Cloud Engineer

Demuestra tu capacidad para implementar aplicaciones, supervisar operaciones y mantener proyectos en la nube en Google Cloud Platform.

Professional Cloud Architect

Demonstrate your proficiency to design, build and manage solutions on Google Cloud Platform.

Professional Data Engineer

Demonstrate your proficiency to design and build data processing systems and create machine learning models on Google Cloud Platform.

Google Cloud Certification Workshops

Cloud Architect

This course is designed to help IT professionals prepare for the **Google Certified Professional Cloud Architect Certification Exam.**

Data Engineer

This course is designed to help IT professionals prepare for the **Google Certified Professional Data Engineer Certification Exam.**

Other Learning Tracks
